Subject: OMRI Status Notification for Binary Ionization Technology (BIT) Solution Hospital-HealthCare Disinfectant Broad-Spectrum Surface Disinfectant (tob-11957)

Dear Elizabeth:

I am pleased to inform you that OMRI has reviewed Binary Ionization Technology (BIT) Solution Hospital-HealthCare Disinfectant Broad-Spectrum Surface Disinfectant (tob-11957) to the Canada Organic Regime regulations and has determined that it is Allowed for use

The product is OMRI Listed® in the following Permitted Substances Category: COR: Hydrogen peroxide, Class: Processing Sanitizers and Cleaners.

This product will appear in the *OMRI Canada Products List*® available on our website, and in the next print version. Subscribing certifiers, state programs, and others will receive information regarding the OMRI status of this product in the next quarterly update. The most recent certificate for any of your OMRI Listed® products may be downloaded at any time by visiting OMRI.org. The certificate for this product may be downloaded using the following link: <https://www.omri.org/mfg/tob/certificate/34477> **Please note it may take up to two days for the product listing and certificate to be available on the website.**

The OMRI seal use policies at www.omri.org/suppliers/sealuse include appropriate uses for the OMRI Canada seal and wording options that you may use on labeling and promotional literature for this product. You can log into the OMRI website and download the OMRI Canada seal at www.omri.org/suppliers/seal. Please note that it may take up to two days for new suppliers to access the OMRI seal via the OMRI website. Please be aware of the following:

- OMRI seals may only be used for the identical company name and product name as shown above, in association with product manufactured with the reviewed formulation, manufacturing process, and other product information submitted for this review.
- It is your company's responsibility to ensure that use of the seal complies with the standards of all applicable regulatory bodies (government pesticide registration such as the U.S. EPA or Health Canada PMRA, CFIA, etc.) as outlined at §4.2.2 of the *OMRI Policy Manual*®.
- Other companies that wish to distribute this product as OMRI Listed under their company name and/or product name must submit a repackaged product application directly to OMRI.
- Any changes to the product must be reported, reviewed, and approved by OMRI before those

changes are made. Change report forms are available here:

www.omri.org/suppliers/changereport. Unreported changes may jeopardize this listing and/or incur additional fees. Please see §2.9 of the *OMRI Policy Manual* for more information about product changes.

- A renewal notification will be sent annually, prior to your product listing expiration date. To maintain your listing, annual renewal fees and documentation must be received by the deadline.
- You must maintain a log of all complaints relevant to OMRI standards for this product. The log must be available upon request. A template is available here: www.omri.org/suppliers/complaint-log.
- For more information about reviews which may be performed for your listed product(s), please see the Product Review Guide: www.omri.org/suppliers/reviewguide.

The listing of this product indicates its compliance with the *OMRI Canada Standards Manual*[®], which is based on the Canada Organic Regime regulations (CAN/CGSB 32.310 and CAN/CGSB 32.311). OMRI has evaluated this product for use in organic production for the above identified use categories only.

If you disagree with an aspect of your product listing or wish to rebut a decision, please refer to §5.2 of the *OMRI Policy Manual*. OMRI listing does not constitute organic certification or product endorsement. OMRI listing does not imply that the product has been registered for use with the appropriate state or federal agencies. Final decisions regarding acceptable use of products are the responsibility of accredited certification bodies.

Thank you for participating in the OMRI Canada Review Program. If you have any questions regarding your product status, OMRI's seal use policies, or changes to your product please feel welcome to contact us.

Sincerely,
Review Program Staff
